COMMENT THAT'S ALL

Exodus in East Begins Action, Not Argument Buy NOW and Build Fraternity in Business

By Gil A. Cowan

NOW is the time back in Minnesota and Michigan that the motorist is cleaning out the garage and getting ready to park his car there for the winter.

It is balmy here and few are thinking of the first freeze, but soon the east will be shivering over a radiator or plunging through snowdrifts. Indeed, it is the time for the annual exodus of those who can afford to avoid the rigorous weather. They are packing their grips and making reservations for trains southern California-bound.

How to house this host, however, becomes more of a problem each year. The announcement of the Ambrosini hotel here is but a starter in the way of accommodations for our eastern guests. Similar enterprises should be fostered and fostered fast for Glendale must no longer remain as an adjunct to Los Angeles in this respect.

Actual laying of sewer pipe was begun in Glendale yesterday in the Verdugo Woodlands improvement district. It is another step in the city's progress.

If you will motor out Verdugo road to Canada boulevard and drive through that beautiful section you will see the street torn up where the contractor is busy trenching in the mains for the first septic tank sewer system to be installed here.

Similar improvement in the Brand boulevard business section is before the city council and with a report soon from Folsom on the disposal of sewage there, it is expected that immediate action will be taken to give the congested districts relief in the way of practical, sanitary, successful sewer system.

It can be said truthfully no hasty decision has been reached in this matter, but with Los Angeles facing problems of its own it is better that Glendale do something instead of relying on promises or threats. In business neither succeed half as well as positive action.

The real estate market is ultra-active for early fall if the advertising evidenced in last night's edition of "your home town paper." The Glendale Evening News, is a criterion of the situation.

There were three large advertisements of subdivisions, several smaller spaces devoted to land investments and scores of classified ads urging the purchase of houses or lots. Indeed, the lesson in all is the same:

"BUY NOW, BUY NOW, BUILD!"

To the stranger it is thrilling, but to have local residents become so passionate that they can see only the yesterday's. There are plenty of pieces of property to go around and surely some day someone will want to live in any home you may build as much as yourself.

That is the guarantee; now what are your chances for profit? There is a question of study, reference to experienced realtors and the confidence to act. I have heard one of our salesmen say he could "shake" his customer for being "onery." It is almost believable that it may be done.

Glendale is comprised of residents who have moved here principally to free themselves and their families from the city. They are true lovers of community life who would rather live in a little bungalow than in the largest apartment hotel ever built.

A phrase from Arthur Chapman's poem, "Out Where the West Begins" is applicable to Glendale. It is: "Out where the hand clasp is freer." That is exactly where Glendale begins. Built on fraternity it is little wonder such strong lodges as the Elks and Masons and a dozen others play a large part in the lives of our citizens.

Neither is it strange that the local tradesmen who meet their "brothers" in such a manner are able to hold "Trade at Home." Nor is it out of place for merchants to give first consideration to advertising in an established independent newspaper represented by people who have been residents of this city of long standing.

It is not hard for many of us to remember when Glendale was little more than a village. The pavements, cluster street lights, etc., are comparatively recent in their installation. Only ten years ago Harry M. Miller, present justice of the peace for Burbank township and real estate dealer, was the town marshal, fire warden, deputy sheriff, etc.

"Them were the good old days" when he used to stop autoists to fight brush fires, led a posse in the capture of an Eagle Rock bandit, chased a naked wild man through several homes and otherwise kept the community in safety and peace.

Half of the town used to go to church out of town on Sundays then. The other half hid out to the hills of Verdugo park. Yes, those were the grand and glorious days.

NEW OFFICERS ARE CHOSEN AT FIRST BAPTIST CHURCH

Substantial Increase Made In Pastor's Salary; Assistant Given; Growth Rapid

The annual meeting of the First Baptist church of which Rev. E. E. Ford is pastor, was held last night at the hour of the mid-week meeting. According to the new constitution recently adopted by the church, some new officers were created so that more members were asked to take responsibility.

The eight deacons elected for different terms of years were: W. F. Wood, O. L. Howard, W. M. Wright, W. E. Grigg, E. Ross, George McLeod, C. B. Elliott, J. H. Clephane; deaconesses, Mrs. W. F. Wood, Mrs. Thomas Hasking, Mrs. J. F. Moody, Mrs. E. C. McKee; trustees, A. J. Maxwell, J. Ray Bentley, J. M. Barker, R. E. Olin, George H. Bentley; church clerk, J. L. Gray; Sunday school superintendent, Roy L. Kent; general treasurer, W. W. McElroy; treasurer of benevolences, K. D. Schwen-dener; treasurer of fellowship fund, A. McDonald; financial secretary, P. L. Hatch.

Reports Are Submitted

Encouraging reports were given by the officers of the church and heads of all departments. Each organization reported substantial gains in membership, and the treasurers, both of the church and auxiliary organizations, reported all bills paid and a balance in the treasury.

The advisory committee recommended a much larger financial budget than last year, carrying a substantial increase in the pastor's salary, and an appropriation to pay the salary of a pastor's assistant. This makes the third time the pastor's salary has been raised since he came to the church two years ago.

The budget was most heartily and unanimously adopted. Great unanimity marked the entire meeting. All votes requiring ballots were instructed cast by the clerk of the church.

Because of the large attendance at Sunday school last Sunday, 439, many expressions of the need of more room were heard, and a committee will be appointed very soon to look into the matter of enlargement. More room must be provided for this fast growing church, it is declared.

Among those present were Miss Catherine Hilton, Mr. and Mrs. Chester McHugh and family, Mr. and Mrs. Lester McHugh, Robert McHugh of Alhambra, Miss Edith Nelson, Mr. and Mrs. Allie Hilton, Charles Hilton, Elsie Hilton of Los Angeles, Miss Ruth Gibbs, Mr. and Mrs. J. W. Hilton, Loretta Hilton, Hazel Hilton and Charles Hilton.

DEMOCRAT SENATORS PLAN TO UNITE AGAINST TREATY

WASHINGTON, Sept. 29.—Democratic senators will unite to defeat the peace treaty with Germany if the administration attempts to jam it through the senate without reasonable discussion.

INDUSTRIALS OPEN STRONG ON STOCK EXCHANGE TODAY

NEW YORK, Sept. 29.—Industrials opened firm. Mexican Petroleum was the feature, opening up $1\frac{3}{4}$ at 101 $\frac{1}{2}$. This price was just four points above the week's low. Baldwin gained $\frac{1}{4}$ at 85 $\frac{3}{4}$ and independent steels were also fractionally higher. Sugars continued heavy. Steel common was up $\frac{1}{4}$ at 79. There was little change in rails. Foreign exchange opened strong. Sterling \$3.71 $\frac{1}{4}$; francs .0708 $\frac{1}{2}$; lire .0404; marks .0081 $\frac{1}{4}$.

SIX MASKED BANDITS HOLD UP, ROB SANTA FE TRAIN

OKLAHOMA CITY, Okla., Sept. 29.—Six masked bandits early today held up Santa Fe passenger train No. 15, Kansas City to Galveston, Texas, near Edmond, Oklahoma, and escaped with four pouches of mail, one of which was registered. The robbers forced mail clerks to throw the mail sacks from the car floor. They escaped in an automobile. Poses from here, headed by county officials and police are in pursuit. No attempt was made by the bandits to molest passengers.

HUGE LIQUOR RING TO BE EXPOSED, OFFICERS SAY

SAN FRANCISCO, Sept. 29.—Federal authorities today believed they would expose the largest liquor running ring yet unearthed in the west as an outgrowth of their investigation of Roscoe Arbuckle's now famous "Labor-day party." They said a witness had been turned over to federal officers here by Long Beach and Los Angeles police who had disclosed a remarkable story of an alleged liquor ring maintaining branches in leading coast cities and securing its supplies from Mexico and Canada. This ring, it was charged, furnished the liquor to Arbuckle's party.

BABE RUTH HAS SEVERE COLD; CANNOT PLAY TODAY

NEW YORK, Sept. 29.—Babe Ruth is suffering with a severe cold and will not be able to play this afternoon against Philadelphia. The Yanks left him in New York when they entrained for the Quaker City at 11 a. m. Withdrawal of Ruth from the game at the most important point in the pennant race seriously influenced the Yankees' chances of holding their lead of one and one-half games over Cleveland. The entire Yankee attack, built around Ruth, will be considerably weakened by his absence. Miller Huggins did not announce how he would arrange the lineup for the game this afternoon, but it was believed Chick Fewster would take the Babe's place. Ruth has been feeling badly since the beginning of the Cleveland-Yankee series last week. He developed a "charley horse" and limped perceptibly. He first complained of a cold yesterday and the club officials summoned a doctor last night.

RAILROAD WORKERS VOTE TO STRIKE, IT IS DECLARED

CHICAGO, Sept. 29.—All of the large unions of the railroad workers have voted in favor of a strike, it was learned today by the United Press from authoritative sources. The official canvass of the strike vote of all unions will show a large majority for rejection of the wage cut of 12 per cent and authorizing their leaders to call a strike, leaders stated. Canvass of the vote of Brotherhood of Railway Trainmen was completed today, showing 90 per cent favored rejection of the wage cut and giving their grievance committees power to call the men out. The shop men and the clerks have also voted to strike, the official canvass revealed. The official count of the vote of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors and the Switchmen's Union of North America, will start on Monday. It will be a mere formality, rail union leaders declared, however, as an unofficial tabulation of most of the vote showed that a majority of the men voted to authorize a strike.

ARBUCKLE REMAINS IN HIDING AT BROTHER'S HOME

SAN FRANCISCO, Sept. 29.—Names already familiar from their connection with the charges against Roscoe Arbuckle, comedian, who followed the death of Virginia Rappe, will get into the court records again next week, it was announced today. Zey Pyvron and Joyce Clark, who were two of Arbuckle's guests at his Labor day party, have been subpoenaed as witnesses for the state in the trial of William Hightower, charged with the murder of Father Patrick Heslin, kidnapped Colma, California, priest, according to District Attorney Swart of San Mateo county, who will prosecute Hightower. Their exact connection with the case was not made clear. Arbuckle, following his release on bail after being held to answer late yesterday on a charge of manslaughter, remained in seclusion today at the home of A. C. Arbuckle, an electrician, who is his brother. It was announced that Arbuckle would leave for Los Angeles tonight and his attorneys had engaged a railway compartment. But there was reason to believe Arbuckle would go in his big automobile, and let the lawyers use the train compartment.

BRITISH CABINET VERDICT FAVORS PEACE IN IRELAND

LONDON, Sept. 29.—The decision of the British cabinet for which England, no less than Ireland, has waited anxiously for nearly a week, was announced today. It was for peace with Sinn Fein, if a formal conference can bring that about. A telegram was dispatched to Eamonn De Valera from Gairloch at 11 o'clock inviting him to name delegates for a conference at London on October 11. The differences over the question of Irish delegates representing a "free state" have been overcome by the premier's reply. The insistence of De Valera that Ireland could only negotiate as a "sovereign state" has been made to co-ordinate with British determination that the independence of Ireland is not to be recognized. The premier's telegram today reiterated his contention that a conference on the basis of recent correspondence with De Valera might be construed as recognition of the so-called Irish republic, a thing to which no British government would agree. The British government's position regarding the fundamental existence of the empire was unalterable, he said. "However," the telegram read, "I am determined to explore every possibility of a settlement by personal discussion, and therefore invite you to send delegates to meet with us in London on October 11."

ANOTHER BOND ISSUE TO RELIEVE CONGESTED SCHOOL CONDITIONS IN SOUTHERN SECTION NOW PROPOSED

Improvement Club, Members Board of Education, Interested Citizens Hold Meeting; Discuss Present Situation and Plans for Future

AT THE SPECIAL MEETING of the Southern Glendale Improvement Club, which was held last night in the branch library building on South Brand boulevard and which was attended by over 100 members, property owners and parents of the southern section of the city and also members of the city school board, the question of the present condition and possible relief at the Cerritos avenue school was discussed, with the result that at the close of the meeting it was declared there was a much better understanding of conditions, both on the part of the school board and the members of the club than had heretofore prevailed.

After considerable discussion with members of the committee of nineteen, the school board and others, the fact was brought out that it would be impossible to enlarge the amount of the present bond issue to provide for the construction of a fire-proof or semi-fireproof unit at the Cerritos avenue site as the bond election and amount of the issue had already been advertised. In lieu of this fact the matter of supporting this bond election and then taking immediate steps for the calling of a special election for the purpose of securing funds for the building of this unit was taken up and a committee composed of E. J. Morgan, Dr. W. C. Mabry and Kemper Campbell was appointed to investigate and report upon the feasibility of supporting this bond election and calling a special election.

Discussion Is Opened

In the absence of Stuart Street, president of the club and who was unable to attend on account of death in the family, C. L. Brenkman presided, and stated that the purpose of the meeting was to discuss the school situation in the southern section of the city. He further stated that the club aimed to be constructive and co-operative and not to offer opposition to what is being done, but to call the attention of the school board to some of the things which are urgently needed.

Members of the city school board present were Mrs. A. A. Barton and (Continued on Page 8)

Miss Mary McQuiggan, Bride-Elect, Is Guest of Honor at Shower

Miss Mary McQuiggan, who is soon to become the bride of Paul Kilroy of Los Angeles, was the much surprised guest of honor at a linen shower given for her last night at the home of Mrs. Beatrice B. Francis of 120 South Louise street, with whom she makes her home. A variety of flowers in the pastel shades and crepe paper were used for decorations.

One of the interesting features of the evening was a mock wedding, the principals of which were cleverly costumed in sheets for gowns, lace curtains for veils, etc., and carried bouquets of geraniums, lilies and weeds. A napkin ring was used for the wedding ring. Miss Ardell Taylor took the part of the bride, Miss Emily Van Osdoll, the bridegroom, Miss Bessie Burke the bridesmaid, Miss Garrietta Connor the best man, Mrs. Francis the minister, Miss Clarine Pogue the flower girl, Miss Catherine Pogue the ring bearer and Miss Julia Moniot the organist.

During the evening refreshments of ice cream and cake were served. Floral decorations and favors of pink and white were used for table decorations.

Guests present included Miss Mary McQuiggan and sister, Mrs. Richard Kohler, Miss Bessie Burke, Miss Emily Van Osdoll, Miss Edith Price, Miss Cecile Moniot, Miss Julia Moniot, Miss Louise Moniot, Miss Helen Winkler, Miss Gertrude Catron, Miss Ethel Spencer, Miss Ernestine Niles, Miss Ardell Taylor, Miss Florence Kriskie, Miss Clarine Pogue, Miss Catherine Pogue, Miss Garrietta Connor, Miss Pearl Tucker, Miss Ruth Sunkes, Miss Hazel Walters, Miss Helen Searies, Mrs. George Biggins, Mrs. Harriett Lewis and Mrs. Della Smith of Los Angeles, and the bridegroom-to-be Mr. Kilroy.

Miss McQuiggan received a beautiful array of attractive and useful gifts from this group of friends.

THERE IN BLACK 'N WHITE

A Buchanan, an advertising expert, residing in Hollywood who was in Glendale on business yesterday, sketched the office clerks at the Chamber of Commerce. When Miss Margaret Felkey picked up the sketch pad this morning she was surprised to see the life-like work and inquired of Secretary James M. Rhoades who the artist was. Now Mr. Buchanan may have to make pictures of the entire chamber force.

Series of Dinners Are Being Planned by Christian Club

The members of the executive committee of the Glendale Christian club, which was organized last year following the John Brown revival meetings in this city, held their first meeting in several months at the First Methodist church on East Wilson avenue. The principal business transacted at the gathering was the completion of the detailed plans for the club's calendar for the coming season.

The regular meetings of the organization are to be conducted in the nature of dinners, the young women of each church in the city alternating at conducting the affairs. The first dinner has been scheduled to take place at 5:30, Tuesday evening, October 11, in the banquet room of the First Baptist church. A more complete announcement of the opening meeting will be made at a later date.

Those present at yesterday's meeting were Miss E. Maude Soper, Mrs. Harry Marple, Mrs. Margaret I. Biggs, Mrs. Henry Pentecost, Mrs. Teasdale, Miss Julia Goodsell, Mrs. S. H. Wilcox and Mrs. E. R. Hamilton.

Journey of 10,000 Miles In Ford Car by Glendale People

Floyd H. Reed and Mrs. Mrs. John Peebles, and children, Johnny and Evelyn, 126 North Cedar street, recently completed a 10,000 mile tour, the trip being made in a Ford car.

The party left here the early part of last May and visited different points of interest along the coast, going north through Oregon and Washington. In Washington the Ford was headed eastward going through Idaho, Utah, Colorado, Kansas, Iowa and Illinois.

The tourists arrived at Ridgefield, Illinois, on June 10, where Mr. Reed stopped off for a visit with his father and mother, Mr. and Mrs. Henry Reed, and other relatives in that vicinity. Mr. and Mrs. Peebles and family continued on their way to Windsor, Canada, where they visited Mr. Peebles' relatives until the return trip.

Plenty of Thrills
On the return trip the party left Ridgefield, Illinois, September 8, traveling by way of Springfield, Illinois, Springfield, Missouri, Kansas, Colorado, New Mexico and Arizona. From New Mexico the Santa Fe trail was followed into southern California, the party arriving home the latter part of last week.

The trip was a thrill throughout and after experiencing twenty-four days of rainy weather out of a possible thirty-six in Illinois, every one was glad to get back to California's sunshine, and especially glad to see Glendale once more.

The only car trouble experienced was that of tires, and Mr. Reed thinks no other car but a Ford could have made the 10,000 miles with less trouble.

A permanent husband may be a mixed blessing, but a movable one is a tragedy.

Wednesday Afternoon Bridge Club Session In Walker Residence

Members of the Wednesday Afternoon Bridge club were entertained yesterday at the home of Mrs. W. W. Walker, 245 South Kenwood street. A delightful course luncheon was served at a beautifully appointed table, which was decorated in pink and centered with a large bowl of pink carnations. Bouquets of carnations were also used effectively throughout the house. After luncheon bridge was enjoyed. Prize for high score was awarded Mrs. G. H. Robinson.

The members of the club present included Mrs. E. E. East, Mrs. Harry H. Powers, Jr., Mrs. Charles Meadows, Mrs. Robert Pease of Los Angeles, Mrs. F. J. Rogers, Miss Elma Meiss, Mrs. C. C. Carroll, Mrs. C. G. Putnam, Mrs. Frank George, Mrs. G. H. Robinson and the hostess, Mrs. Walker. Guest present was Mrs. Charles A. Parker.

Old Friends Meet for First Time In About Twenty Years

"I was never so surprised in all my life to find Glendale such a large and thriving city. Here you have seven banks and all doing a heavy volume of business," stated R. T. Anderson of Dover, Del., after a two-hours' visit here the early part of the week.

Mr. Anderson is a cousin of S. A. Merriken, 429 Ivy street, of the real estate firm of Wilkin & Merriken, 123 South Central avenue, and called here to pay his relative a surprise visit while on a two-weeks' vacation. It was the first time Mr. Merriken had seen Mr. Anderson for twenty years and, during the two hours many reminiscences were recalled.

An auto ride about the city convinced Mr. Anderson that Glendale is the coming city of this part of the state, and it was the surprise of his life to find such a hustling, prosperous place.

Mr. Anderson is in charge of the Pennsylvania railroad office at Dover, N. J., and is enjoying a brief respite from work while on a two-weeks' tour of Southern California.

Here's Landlady Who Don't Want Increase In Rent on Property

Found, a landlady who does not wish to raise the rent! Herman Nelson is the manager of the Glendale Avenue Branch of the Los Angeles Trust & Savings bank. Mrs. Nelson for the past three years has been the manager of some property adjoining their home on the corner of Franklin and Harvard streets. A house there has been occupied by the G. Irwin Royce family for the past five years.

Recently, Mrs. Nelson was asked if she wished to raise the rent for the coming year. She replied no, that she was perfectly satisfied. The Irwin family consider her attitude very liberal in view of present high rentals. Miss Zoe Royce stated that Mrs. Nelson was an ideal landlady.

Employees of Mill Enjoy Outing; Fish Anxious to Bite

One of the most enjoyable of recent local week-end parties was the outing last week of the employees of the Glendale Mill company, who spent two days at Big Bear lake on a fishing excursion. The gay party left Glendale at noon Saturday and reached their destination in their two machines late Saturday night. The return trip was made Sunday night, the men reaching this city early Monday morning.

Realizing that they would be too busy catching fish and looking at the scenery the men protected themselves from any possibility of getting ptomaine poisoning by taking an experienced cook along with them. It was reported that the culinary expert was kept busy most of the time frying trout, as the anglers were extremely fortunate in bringing in several limits.

Those who took part in the outing were Walter Gurnee, Frank Putrick, J. Ledger, Earl Newkirk, Billy Mane, Lyle Johnson and the cook.

Welcome Given to Freshman Girls at Union High School

No boys were allowed in the high school assembly this morning. There was nothing private about the session—there just simply wasn't room for even half a male after the girls had packed the hall. They occupied all the seats, the doorway and then lined up three deep around the sides of the large room.

A cordial speech of welcome to inspire the freshmen girls with the spirit of friendliness was delivered by Mrs. George U. Moyse, vice-principal for girls. Doris Packer, president of the Girls' League, presided. Miss Mona Gardner, instructor of dramatics, gave two vivid readings with piano accompaniment played by herself. Evelyn Hunt did likewise. Lois Welch played a couple of numbers upon her harp and Hazel Linkogel obliged with a violin selection and an encore.

There was considerable comment upon the excellence of the program.

High School's Gym Work Is Described by Local Doctors

The matter of high school gymnastics came in for some animated discussion last night at a regular meeting of the Glendale Physicians' club, according to its president, Dr. H. R. Harrower.

Coach Normal C. Hayhurst, Miss Florence Knight, director of physical culture for girls, and her assistant, Miss Lillian Shattuck, were present from the high school faculty. The doctors were much interested in narratives of their activities. Mr. Hayhurst was complimented upon his excellent corrective gymnastics for certain pupils under his charge, who have suffered from infantile paralysis with its resulting more or less permanent defects.

Attention was called to a tendency on the part of high school pupils to seek to be excused from gymnasium classes in order to have more time for studies. Doctors were urged to investigate each case carefully before submitting a formal excuse for a pupil.

Doughnuts Spilled, So Doughnut King Secures Ford Car

Frank Wyman, proprietor of the Quality Doughnut Shop at 104 West California avenue, now has a Ford car delivering baked goods to Glendale homes as a result of a motorcycle catastrophe. Wyman was hurrying on his way with several dozen hot doughnuts recently when a doughy motorist turned in his path. The driver, doughnuts, motorcycle and all went over a curb and up a tree. That's enough reason for a Ford.

MANY NEW HOUSES ARE BEING BUILT IN WOODLANDS

Beautiful Tract Attracting a
Large Number of People;
Homes Unique, Varied

A drive through the beautiful
tract of the Verdugo Woodlands,
termed the Wilshire district of Glen-
dale, will thoroughly convince any-
one that this section is destined to
undergo a rapid transformation in
the way of building improvements
within the next few months. Since
the district was placed on the mar-
ket by the F. P. Newport company,
206 Central building, Sixth and Main
streets, Los Angeles, there has been
an ever-increasing demand for the
property on the part of those who
are desirous of building immedi-
ately.

K. D. Harrington is building a
fine residence on El Rito avenue.
The house will be typical old Eng-
land, and considerable attention is
being given to the progress of the
construction, as the building is to be
an exact duplicate of the one built
by Obegi Brothers, in Windsor
Square, Los Angeles.

Amid Beautiful Trees
Mr. and Mrs. Gobelet of 2115 Her-
mesita Drive, are constructing a cozy
little five-room home in a snug nook
provided with plenty of beautiful
trees. This home is being built
after plans studied out by Mrs. Gobe-
let, the work being done by Harry
Conner of La Crescenta.

Mr. and Mrs. Gobelet and little
daughter came here last summer
from Hollywood, and became so en-
thusiased over the Verdugo Woodlands,
and the attractive building site that
they just pitched camp and re-
mained, a temporary dwelling being
built near the site of the new home
now under construction. After this
home is finished Mr. and Mrs. Gobe-
let are planning to build another
house farther up the hill, near the
top, which commands a fine view of
the whole Verdugo Canyon.

Eight-Room Residence
C. J. Weed of 1633 Del Vale ave-
nue will soon commence work on an
eight-room house on the lot adjoin-
ing his home, work now being al-
ready under way on the garage.
About two years ago Mr. Weed pur-
chased the property at 1633 Del Vale
from J. R. Butler of 1631 Del Vale,
who is now doing the carpenter work
on the garage for Mr. Weed.

The offices of the F. P. Newport
company situated on the Verdugo
Woodland tract at the corner of
Canada boulevard, opposite Glorietta
avenue, is a mecca for many pros-
pective buyers each day. Facilities
have been provided for the comfort
of the visitors, with plenty of shade
trees, running water, and benches
for the callers to enjoy a real old-
fashioned picnic dinner if they wish.

Bathing Girls From Local High School Go Afar for Swim

Ye city editor hopes no sob stories
will develop this afternoon!

Our little girl reporter is not on
the job this post meridian. She is—
She is bathing!
No, she didn't lose her calendar.
She knows that it isn't Saturday—
yet. She is down at a plunge, Six-
teenth and Flower street, Los Ange-
les, getting acquainted with about
thirty "Annettes" from the Glendale
High school. This plunge is operated
exclusively for women. Our little
boy reporter went down first to get
the story, but somebody shut the
door in his face—which was quite
rude.

When is a water nymph only a
dry land siren? Miss Florence
Knight, teacher of physical culture
at the high school, is endeavoring to
find out in the swimming class this
afternoon. Miss Lillian Shattuck
will assist in the hair splicing con-
test to follow the aquatic sports.
The complexion of local high
school girls is the kind that won't
wash off.

Joseph C. Wallace, Resident Here Six Months, Is Summoned

a Los Angeles hospital Tuesday, Sep-
tember 27, 1921. He was born
March 2, 1860, in Illinois, and had
lived in Glendale about six months.
Mr. Wallace was a contractor and
builder. He leaves a widow and
nephew who reside on Vine avenue,
Glendale. Funeral services will be
held at 10 o'clock tomorrow, Friday,
morning at the parlors of the L. G.

terment at Grand View.

Julian H. Carter's Ford Car Sets New Record to Glendale

Covering a distance of 3,137 miles
in twenty-four days, and using
157 1/2 gallons of gas and 16 1/2
quarts of oil, is the feat set by Julian
H. Carter of 406 East Elk avenue,
who has just arrived here after pilot-
ing the trusty Ford from Detroit,
Michigan, to Glendale.

Mr. Carter was accompanied by
his family and on arrival here sub-
mitted to Jesse E. Smith, of the
Glendale Ford agency, 400 East
Broadway, a set of statistics showing
the very low cost of operation during
the entire trip.

From Detroit the family followed
the Lincoln Highway to Rock Island,
detouring from that point to Des
Moines, Iowa. From Des Moines the
party went to Denver, Colorado, go-
ing by way of Big Springs and Colo-
rado Springs, after which the route
was followed to Shiprock, across the
Navajo reservation to Gallup, New
Mexico. From Gallup the Ford was
driven to Williams, the Grand Can-
yon explored, and the journey con-
tinued by way of Needles to Cali-
fornia.

On arrival a tabulation showed a
distance of 3,137 miles had been cov-
ered in twenty-four days, while only
157 1/2 gallons of gas and 16 1/2
quarts of oil had been necessary. Re-
pairs for the whole trip did not ex-
ceed four bits and no tire trouble
was encountered.

If any one is still skeptical about
the flivver and its proclivities, just
ask Mr. Carter, he has facts and fig-
ures and a mighty good argument in
favor of the car that made Detroit
famous.

Reduction In Fares Being Sought for Grand View People

Reduction of Pacific Electric fares
on the Burbank line within the city
limits is asked in a petition by Grand
View residents which was filed at the
Chamber of Commerce headquarters
today. The matter will be placed
before the railroad company and
railroad commission, according to
Secretary James M. Rhoades.

It is set forth in a letter accom-
panying the petition that Senorita
station is now the outside zone of
the city fare while the corporate
limits are at Vine street, three blocks
further out. People residing in the
outskirts are forced to pay 17 cents
fare, or 7 cents for a two or three
block ride.

Several tracts are being opened in
the Grand View district and the high
fare has a tendency to curb develop-
ment, the petitioners set forth.

In Southern California

Several Shocks at Midnight
Two slight earthquakes were felt
in the southern part of the city early
this morning. The first was re-
ported at 12:45 and the second at
12:53. No damage was done. Other
earth shocks were reported at River-
side and Redlands, approximately
fifty miles east of this city, on
Monday.

Prayer Is Legal Treatment
"Prayer is a legal and lawful
means for the treatment of the sick
and afflicted under any section of
the law," said Justice of Peace Fol-
lette yesterday and then dismissed
the charge of manslaughter against
Mr. and Mrs. James W. Salisbury.
Mr. and Mrs. Salisbury were being
held in connection with the death of
their 5-year-old child, Wilma, who
died August 8 at Burbank.

Phosphorus Kills, Burns, Too
Phosphorus scattered to kill squir-
rels has had the effect, according to
sportsmen, of poisoning not only the
rodent, but many quail and doves.
Also, it is declared, the poison may
have resulted in the starting of forest
fires. It is said the birds eat the
poisoned grain and drop dead in
flight. The bodies dry up and the
phosphorus, which is extremely in-
flammable, escapes in this manner
to the soil, where, the hunters say,
it is ignited by the sun's rays.

vested by Venice, Santa Monica and
Los Angeles men in the extension of

who announced yesterday that the

the ocean, with a width of 325 feet.

to figures compiled by the Chamber
of Commerce.

FIND MANY ANGLES IN IRISH BATTLE TO GET LIBERTY

Only Ones Who Understand It
Thoroughly Are Those in
Midst of Big Contest

By CLYDE A. BEALS

United Press Staff Correspondent
DUBLIN—The Irish movement is
a complex mass of ambitions, desires
and needs. The only persons who
understand it to their own satisfac-
tion are those who are so vitally in-
terested and have their eyes so glued
to the goal that they can not see
what is pushing them.

Some say the issue is clear—that
it is a matter of driving out of the
country the invading English.

Many Englishmen and many Amer-
icans say the issue is religious, that
in the south the Catholics combine
against the Protestants, and that in
Ulster the Protestants combine
against the Catholics.

Some say the issue is economic—
that Ireland wishes to have more
control over her trade than she has
at present and more opportunities of
developing her industries to support
the population that she is capable of
supporting.

Some say it is purely political—
that Ireland abhors the humiliation
of having her laws made by a body
in which she can have only a small
representation.

Difference of Opinion

Some will say that the movement
is nationalistic—that Ireland feels
the surge of national consciousness
and wants to be free to foster it.

Some, finally, will say that the
movement is a labor one—that it is
Ireland's participation in the social-
istic and other movements that are
taking place in different forms in
other countries.

Actually, it is no one of these,
least of all religious. It is like a
chameleon on a grandmother's quilt.

Certainly, it has the aspect of
driving out the invader. The English
got their hold on Ireland just as they
got their hold on Britain. They were
asked to take a hand in a local dis-
pute, and, like the proverbial camel,
when they got their nose in, they
just quatted all over the lot. But
that was some seven hundred years
ago.

The movement has been religious,
but outgrown it. Two members of
the present cabinet and a fair sprink-
ling of members of the Dail Eireann
are not Catholics. The constitution
of Sinn Fein says: "Membership
shall be open to all adults of Irish
birth or parentage irrespective of sex,
class or creed, who accept the con-
stitution of Sinn Fein, save that no
member of the British armed forces,
nor pensioner thereof, nor any person
who has taken the oath of allegiance
to the British government, shall be
eligible so long as he retains the of-
fice or position involving that oath."

"Probably Economic"

The movement today is probably
dominantly economic. But the era
is industrial and economic and it
seems likely that the Irish movement
has taken on that aspect because of
the era and does not arise from eco-
nomic motives. One Irish leader
wrote: "The Irish have shown by
three hopeless rebellions in every
century how loathsome to them is the
character which British statesmen
would mould them." So the move-
ment cannot be said to be purely
economic. Yet it has that aspect.

One hears that Ireland needs lower
tariffs than England collects because
her workmen receive usually half the
pay of an English workman. One
hears that Irish foreign trade is un-
developed because England puts ob-
stacles in the way of ships visiting
the harbors. The movement has a
very definite economic side.

The movement has a political as-
pect, but it is not only political. Irish-
men are too well known in America
for it to be necessary to point out
their political nature. They object
to having their laws made at West-
minster. They believe that Parlia-
ment considers chiefly English inter-
ests, and De Valera has said: "An
Irish right can never give way to an
English interest."

One of Very Oldest

The nationalist aspiration has
probably been largely responsible for
keeping the movement alive for so
long. The Irish point out that their
civilization is one of the oldest in
the world. The surge of this national
feeling is like a slow pulse, rising
now and again, to win the freedom of
expressing the Gaelic civilization un-
hampered by the imposed personality
of another race.

The labor phase is expressed in the
Irish co-operative movement. The
co-operatives have made a deal, or
will shortly, with the Dail Eireann
by which in return for their support
the Dail will see that in bidding for
public or private undertakings they
will have an opportunity equal to
that of individual enterprise.

To appraise each influence is prac-
tically impossible. In the aggregate
they are powerful. Their power lies
in the devotion each inspires in its
proponents for the whole movement.

The place for the "knocker" is out-
side the door.

Organize, systematize, deputize,
realize.

Elder Corliss Has Unusual Cane Made by Prisoners of War

Elder J. O. Corliss of 331 North
Isabel street is the possessor of a
rather unusual cane which was made
on the island of St. Helena in 1902
by a prisoner of war, and the handle
of which was patterned after the
war horse of General Cronje's. This
clever piece of workmanship was
presented to Elder Corliss by the
widow of the Boer war prisoner in
England.

"Sourdoughs," who headed the
famous gold rush to the Klondike in
'96, recently held a reunion in Daw-
son, Yukon territory, to celebrate the
Yukon's twenty-fifth birthday. The
crowd was made up of prosperous-
looking men who had struck it rich
and grizzled old prospectors who still
follow the game. Rugged old-timers
renewed old acquaintances and
swapped thrilling yarns of the late
nineties.

Photographs taken from the air
and plates developed while flying are
regarded by aviation officers as pos-
sessing high military value. A pho-
tographer flew from Bolling Field
and returned a few minutes later
with a plate developed, showing
clearly the parade of students attend-
ing the citizens' training course near
there.

READING CIRCLE TO START CAMPAIGN FOR MEMBERS

Prize Will Be Awarded One
Making Best Showing In
Contest This Winter

The meeting of the Mutual Benefit
Reading Circle, which was held in
the library building on Harvard
street yesterday, Mrs. A. A. Barton
presiding, was well attended in spite
of the heat.

One of the important matters of
interest discussed was that of hav-
ing a membership campaign, to be-
gin October 1 and continue through-
out the year until after the annual
picnic next spring. A prize will be
awarded to the member bringing in
the greatest number of new mem-
bers.

The review of the day was given
by Mrs. W. W. Stofft and consisted
of two articles written by Prudence
Penny, "Infant Training," in which
the author urged parents to start
training children in obedience at the
earliest, and "Adolescence," at which
time the author stated both boys
and girls were in need of more guid-
ance.

Appointments Announced
As is customary in circle meetings,
members were called upon alphabet-
ically to respond with quotations.
Mrs. H. V. Henry, Mrs. W. W. Stofft
and Mrs. R. T. Vierick were ap-
pointed by the circle to take care of
the quotations of the year, whether
in calendar or book form. Other
appointments made at yesterday's
meeting were of Mrs. C. L. Peckham
as social secretary.

Later in the afternoon the read-
ing of the book "All the Children of
All the People" (Smith) was con-
tinued. The author claims that in
order to get to the head of any pro-
fession one must be born and not
made to it. He says men must be
born and not made, which statement
was the cause of considerable discus-
sion at the circle.

The next meeting of the circle will
be held at the library next Wednes-
day.

Mix With Mixo, Is Plea; E. E. Steiner Is Promoting Drink

Mixo is the name of a new soft
drink being promoted by E. E.
Steiner of 680 West Broadway.
"This can be developed into an
enormous industry if I can get the
right men interested," declared Mr.
Steiner. "I like Glendale very much
and would just as soon erect a bot-
tling plant here as elsewhere."

According to its originator, Mr.
Steiner, who preserves the secret
formula, Mixo was so named because
it is a harmless concoction, contains
no injurious chemicals of any kind
and is a "good mixer." While not a
medicine, he asserts that it con-
tains many healthy body building
elements and is invigorating instead
of stimulating.

"It is a drink any child can drink
without harm," said Mr. Steiner. "It
is flavored with a combination of
fruit and vegetable essence."

Mr. Steiner formerly lived in
Everett, Washington, where he was
acquainted with James Rhodes,
now secretary of the Glendale Cham-
ber of Commerce. He is endeavor-
ing to form a company in order to
put this drink on the market prop-
erly.

Mrs. L. Bristow of Norwalk Purchaser of Property Here

Mrs. L. Bristow of Norwalk is an-
other one who has visited Glendale
and has been won over by the many
pleasant features of the city and she
has decided to build a five room bun-
galow on property recently purchased
from J. L. Stanford, realty dealer and
contractor, 112 South Brand boule-
vard.

The bungalow will be situated on
West Colorado street, just west of
Pacific avenue, and Mr. Stanford is
ready to begin work at once. The in-
vestment will represent about \$3000.
Mr. Stanford has just completed
the foundation for a five room bun-
galow on his property at 525 West
Milford street. The investment will
be about \$5000.

Former Residents of New York to Picnic Saturday, October 1

The final call for the New York
picnic reunion announces Saturday,
October 1, as the date and Sycam-
ore Grove park, Los Angeles, as
the place. The county headquarters
with the registers will be open all
day and the basket dinners eaten at
noon. Hot coffee will be supplied,
but all will bring dinners. The pro-
gram presided over by Dr. George
H. MacNeill, the president, will be-
gin at 2 o'clock. Robert C. Avery
of Long Beach, Colonel Frank H.
True and C. H. Parsons will be
among the speakers. All New York-
ers are invited.

Oldsmobile Agency's New Home Is Fast Being Made Ready

Judging from the progress of the
work on the new building at 208-210
West Broadway, J. C. Pollock &
Company will be ready to open its
Oldsmobile agency by October 10, it
was announced yesterday afternoon
by J. C. Pollock, who until recently
was affiliated with the firm of Peur-
rung & Pollock.

The new store building is being
erected on the property of Oma Fish.
The establishment, when completed,
will be equipped with every modern
convenience for handling an exten-
sive car trade. A large show room,
50x90, in the front of the building,
will be a big feature. This room will
be furnished and decorated so that
the Oldsmobile will stand out in all
its glory.

A rear room of the building,
40x50, will be used as a garage, and
just back of this, under a roof 19x
50, a wash-rack is being installed.

During the past few weeks busi-
ness has been carried on at a tempo-
rary location at 721 East Broadway.

As yet Mr. Pollock is unable to
announce his sales force, but he is
contemplating an extensive patron-
age, as the popularity of the Olds-
mobile, he states, has exceeded all
expectations and an additional num-
ber of cars is expected to be placed
in this territory very soon.

Contractors Ready to Begin Work on R. Colburn's Home

Lumber will arrive today for the
first building to be erected in the
Mountain View tract, announces
Jones & Watts, contractors and
builders, 125 Louise street, who will
construct for Assemblyman Robert
Colburn of San Diego county, a fine,
eight room chalet house. The house
will be built on Acacia street, which
has been recently opened connecting
Second and Fourth streets.

According to Jones & Watts, the
house will contain every modern fea-
ture typical of the California chalet
house. The contractors will start
work within the next few days and
are planning to complete the home
within two months.

There has been much keen rivalry
between purchasers to see which one
could put up the first building on the
Mountain View tract since it was
placed on the market by W. H. Arm-
strong, 104 North Central avenue,
and from present indications it looks
as though Assemblyman Colburn
would have the distinction.

Mrs. F. W. Dunning Passes Away; Will Be Buried Friday

Rock passed away in Glendale yester-
day, Wednesday, September 28, 1921,
after an illness of several months.

Funeral services will be held to-
morrow afternoon at 1:30 at the
Little Church of the Flowers with
Elder Mason officiating. Flowers

lors of Pulliam and Keefer.

CLARENCE ALBAECK IS PRESIDENT AT INTERMEDIATE

Homer Searles Is Selected as
Vice President; Tom Muff
Chosen for Secretary

Election day at the Intermediate
school ended at 2:45 o'clock yester-
day afternoon.

Last night the ballots had been
carefully counted, the registration
ledgers checked, the ballot boxes
locked up, the polls closed, the elec-
tion judges paid off, the ward bosses
and their henchmen returned to their
homes and Miss Clara Metcalf, school
authority on justice and civics, was
able to enjoy the sleep of the right-
eous.

The oath of office will be admin-
istered to the newly elected officers
of the Intermediate Athletic associa-
tion in a day or two.

Mass line supremacy was demon-
strated once more in the election of
Clarence Albaeck as president with
404 votes over Thelma Barker with
78. Homer Searles was selected vice
president with 338 votes; Alexan-
der Chase came second with 102
while Dorothy Young came third
with 41.

How Others Ran

Tom Muff, a popular youngster of
the B-seventh, won the secretaryship
by a large majority. In fact, he got
more than all the other nine candi-
dates put together. Those who also
ran were Eugene Brecht 54, Harold
Campbell 10, Hernice Collins 24,
Betty Glade 9, Verna Harrower 24,
Kathryn Kitterman 4, Bennie Jean
Lockwood 32, Consuelo Mirano 32,
Georgia Young 37.

Since none of the voters scratched
their ballot, Floyd King was unani-
mously elected boys' yell leader.

The only office to go to a girl fell
to Barbara Kranz with 205 votes.
She was selected as girls' yell leader.
Carmen Kinzy received 25 votes and
Marcelene Lameroux 38.

Home Made Candies, Pies and 'Goodies' Are Being Offered

Those who appreciate the kind of
pies that mother used to make and
home-made candies of the best and
purest of ingredients, will find
everything to their liking when they
visit "Puss'n Boots," the new soft
drink and refreshment emporium be-
ing opened today at 211 1/2 South
Brand boulevard by two hustling
young men.

R. M. Richards of 115 1/2 South
Brand boulevard and Henry Clinton,
343 Salem street, are the proprietors
of the new establishment and are
contemplating a large amount of
business.

The new business concern is
equipped with the most modern im-
provements for catering to a large
and exacting trade. Breakfast,
luncheon and dinner will be served
and every effort will be made to
please the most critical, they say.

Angelus Park Tract Lots Are on Market and Proving Popular

The Angelus Park tract lots now
placed on the market by Rigali &
Vesulich, Suite 706, Merchants' Na-
tional Bank building, Los Angeles,
announcement of which was made in
The Glendale News yesterday, are
attracting the attention of buyers
from all directions, and the tract of-
fice in charge of G. M. Fay and
Claude Wallace, corner of Seneca
and Glendale avenue, was visited by
several yesterday and many transac-
tions are now pending.

The level lots, in a very desirable
portion of Glendale, are a great in-
ducement to purchasers, and the an-
nouncement that the old price of six
months ago would prevail, has
caused every one to sit up and take
notice. From the interest that has
been shown the past two days in the
tract it is safe to say the entire re-
maining two blocks of lots between
Los Feliz Road and Glendale avenue
will be disposed of within the next
few days. Messrs. Fay and Wallace
are being kept busy answering in-
quiries and showing prospective pur-
chasers over the tract, they state.

Real Estate Office Opened by Women, Glendale Boosters

Since the opening of the real es-
tate office by Mrs. William Smith
and Mrs. Mary E. Smith, in Room 6
of the First National Bank building,
the firm has been very busy listing
property and negotiating transac-
tions, and some important realty
transfers are expected to take place
before the week is over.

Mrs. William Smith was a resident
of Glendale six years ago, and be-
came attracted by the beautiful city.
After two years in Los Angeles she
has returned to stay, having pur-
chased a home at 328 West Lomita
avenue. Mrs. Mary E. Smith hails
from Brooklyn, N. Y., and came here
on a visit five years ago. She could
not forget Glendale and is now a
resident here at 700 South Colum-
bus avenue. Both have traveled
quite extensively and are firm in
their conviction that Glendale repre-
sents the best place to live and has
a wonderful future.

SOCCER LEAGUE IS OPENED BY TWO HOT CONTESTS

Cerritos and Broadway Teams
Clash; Colorado and Doran
Boys Stage Battle

The Glendale elementary school soccer league opened yesterday afternoon for the present season with two spirited games, one between Cerritos and Broadway and the other between Colorado and Doran. In great glee a team from the Cerritos school tied to the Broadway playground and succeeded in walloping a determined squad from that school after a most evenly balanced game which was tied until the last quarter. Charles Steelman, who made three goals for the winning team, was the star of the game. "Bob" St. Clair, Steve Contreras and Hugo Springman of the Cerritos school, also showed up well during the contest.

Teamwork marked the maneuvers of the Broadway squad. The team was evenly balanced and cleverly captained and played well. The following boys from the fifth and sixth grades are on it: Tyler Robinson, Jesse Phillips, Laurence McIntyre, John Dietrich, Herbert Hoyt, Kenneth Lewis, Ralph Morgan, Frank Wytoss, Orvie Hascher, John May and Marvin Whiteman.

Doran School Wins

The Colorado playground was the scene of the second game which was won by the Doran school by the score of 1 to 0, amid lots of school spirit and great excitement.

Ray Tacheo, goalkeeper, and Norval Stanley, center, were the most prominent players on the Doran team. Other players were Pedro Victorino, Art Hudson, Fred Vorwerk, Leland Gosser, Billy Hall, "Bob" Heck, Howard Heck, Fred Huesman, John Hamilton, Lawrence Prathers, Frank Arnold, Sanford Gregory, Dana Furbeck and Paul Brattain.

Gloria Swanson Is Featured on Screen, Palace Grand Today

Elinor Glyn can no longer be referred to simply as an author. She is now an author-actress, and appears in several scenes of her own story, "The Great Moment," in which Gloria Swanson is starring for Paramount, and which is the feature attraction at the Palace Grand theatre for three days.

Questioned as to her motive for donning the grease-paint, Madam Glyn replied:

"I was determined to learn the motion picture profession from every angle. The only way I can experience the emotions of the players who enact the characterizations which I create is to actually go before the camera and put myself in the same position occupied by them. From such experience, I will get another viewpoint which will be most valuable to me in my writing. While I rank only as 'atmosphere' I find it highly diverting. I am doing this merely to get the player's viewpoint."

In "The Great Moment" she wears a beautiful evening gown of silver cloth and makes a striking appearance.

"Miracles of the Jungle" and other numbers complete the bill.

The WORLD OVER By FRANKLIN B. MORSE PACIFIC SPORTS SERVICE

It's a grand old game of see-saw that the three leading teams of the Pacific coast league are playing these days. First it looks like one team has all the best of it and then, ablo, one game knocks every preconceived idea askew. Just at the moment we would say that the San Francisco team had suddenly got a grip on itself, but inasmuch as they are playing against the weak sister team of the league, appearances in connection with Graham's hired men do not count for much.

Figures, they tell us, never lie. If this is the case they are the surest indication of the continued and phenomenal growth of golf. Practically every tournament that is being held anywhere in the country gives out the information that the entry list is the largest on record. There is no reason for misrepresentation in this connection. More than two hundred golfers were entered in the Portland city championship, another record breaker. Victor A. Johnson, chairman of the Eastmoreland golf course committee, is authority for the statement.

Life, which is just one thing after another, has nothing on tennis. The Davis Cup play has only just been finished but already the nations are figuring on their campaigns for next year when the United States will again be invaded by those in quest of the blue ribbon trophy of the courts which reposes on Uncle Sam's mantelpiece. It is getting so that it

is always an open season in practically all lines of sports. When the sports writers are not busy telling about the actual competition, they are always kept hustling on news concerning the work of preparation.

The true sportsman has nothing but scorn for the fellow who does not play the game fair. This applies in hunting and fishing as well as in other lines of outdoor sports although there are many who lose sight of the fact. The chap who plays foul in football is no worse than the huntsman or angler who breaks the rules of that game and disregards the closed seasons. It is a healthy sign that unfairness along these lines gradually is becoming recognized. Reports from Oregon are to the effect that more arrests of breakers of hunting and fishing rules have been made this year than ever before because of the co-operation of the people.

Just how much energy William Johnston, the little 120-pound California tennis expert puts into his play can be gained from the fact that in the tournament play he lost about five pounds. This is a heavy loss when his weight is considered. That such a strain is likely to tell seems almost obvious and the fact that Johnston now is ill seems to confirm the matter. To those who know how finely drawn Johnston is physically, it is a cause for wonderment where the five pounds he loses during a match comes from.

LOUISVILLE WINS A. A. PENNANT

LOUISVILLE, Sept. 29.—Louisville yesterday clinched the American Association pennant by winning a double header from Kansas City, 7 to 3 and 13 to 9. Beginning October 5, the Colonels and the Baltimore International league club begin a nine-game series for the minor league championship.

AMERICANS, 6; NATIONALS, 2.
CLEVELAND, Sept. 29.—The American league all-star baseball team defeated the all-stars of the National league, 6 to 2, in a game staged by the All-Star Service league to raise money with which to buy athletic equipment for poor children.

Watching Scoreboard

Life for the New York Yankees is one "little crocial series after another."

Miller Huggins and his "murderer's row" are "crocialing" again today with the Philadelphia Athletics. The league leaders, totting their one and a half game margin, swooped down on the Quaker village this morning for a two game series with Mack's cellar holders which they hope to use for a ticket into the world series.

Figuring that the A's have won only five out of twenty-four games this season from the New Yorkers, it seems that the Yanks can't be blamed for asking the Macks to lie down and be walked over.

In loud tones, the gaunt leader of the Athletics sounded a warning this morning to the effect that even a door mat can curl up and do a little tripping.

The Yanks will be busy watching the scoreboard as the Indians get under way with the White Sox. Should the Sox slap Speaker's tribe and should the Athletics get the big club, the Yanks will need only one more game to clinch the pennant.

Yesterday's hero—Clarence Walker hit his twenty-fourth homer of the season, but it failed to win for the Athletics, the Red Sox copping, 5 to 4. Watson and Reuther hit homers, helping the Robins beat the Braves, 9 to 5.

Bunched hits in the fifth inning gave the Cubs two runs and they beat the Reds, 3 to 1.

TREASURER OF FAIR RESIGNS; OPEN ON SUNDAY, CAUSE

Fred Prince, Banker and Head of Church Body, Declares Agreement Not Kept

The Los Angeles county fair at San Fernando remained open last Sunday, the final day of the exposition, with the result:

It was the most successful day of the week in point of attendance and, it is said, the money derived will come near to putting the fair "over" financially.

But that's not all, for: Fred Prince, chairman of the finance committee, well known in Glendale, where he appeared at the Chamber of Commerce seeking financial aid for the fair and also from the Glendale city council, has resigned from the exposition committee and declares he has no further connection with the fair's organization.

The resignation comes because, so Mr. Prince says, the fair remained open on Sunday. Mr. Prince is superintendent of the San Fernando Methodist Sunday school and vice president and manager of the San Fernando National bank.

Asks Him to Help

Several weeks ago, according to Mr. Prince, the Associated Chambers of Commerce, representing almost every town in the San Fernando valley, asked him to help in raising funds with which to support the fair.

He complied with the request, on condition, he says, that the fair would not remain open on Sunday. This the fair directors promised, he declares, and changed the original dates, September 13 to 18, to September 19 to 23, thus eliminating Sunday.

Here enters the element that causes the plot to thicken. Last Friday, Mr. Prince says, the committee came to him and told him that it had decided to hold the fair open another day.

"Tickets already have been sold, guaranteeing patrons of the horse show six performances," the committee said. "Due to unforeseen conditions, the first night of the horse show was postponed, and it is necessary to hold the horse show another day. So we might as well hold the fair open too."

But Mr. Prince couldn't see it that way, so severed all connection with the fair. His was the only resignation.

"I merely stuck by the proposition which was made to me in the first place," he said, discussing the resignation. "Everything was understood, when I consented to help raise funds for the fair, that no Sunday show would be held. The committee saw fit to break its agreement. The only course left open to me was to resign."

Attempts were made, it is said, to cause Mr. Prince to change his mind. However, even the fact that Rev. Kingsley Pease of Lankershim, widely known as a missionary and religious worker, had been engaged for an address on the closing Sunday, and that a band concert of sacred songs and hymns had been arranged, failed to move Mr. Prince from his decision to quit.

Courage of Convictions

"I've been actively engaged in church and Sunday school work ever since I've been in the valley," he says. "I merely have the courage of my convictions, and I am strong enough to practice what I preach."

Other officials of the fair would not discuss Mr. Prince's resignation or comment on the Sunday closing controversy.

Officers and directors of the fair are Dr. W. H. Gundrum, president; M. G. Dial, vice president; R. L. Henderson, secretary; Louis Penland, treasurer, and James H. Fulcher, A. E. Streeter and Alfred Brant, directors. E. R. Elkins officiated as director of the fair.

Burning corn instead of coal for fuel this winter is the plan of Minnesota farmers, who are attempting to mature the largest corn crop in the history of the state. With no prospect for a market and with railroads maintaining abnormally high freight rates on both coal and corn, the farmers find this to be the cheapest way out of the difficulty.

These Leaders Listed As Founders Of Plan To Give Nation's Women \$3,500,000 Civic Center At Capital

PHOTOS BY MRS. JOHN HAYS HAMMOND MRS. J. C. FRAZER HARRIS CLEWING

Erection of a \$3,500,000 civic home in Washington, in which every American white woman of good standing in her community will be invited to have a share, is the plan of the Woman's National Foundation. That the plan is sound is guaranteed by the distinguished women already enrolled as founders-donors. Of this long list every name of which represents a contribution of at least \$1,000 to this enterprise, probably no members have finer records of public service than Mrs. John Hays Hammond and Mrs. James Carroll Frazer.

Mrs. Hammond, whose husband represented President Taft at the

coronation of King George V of England, was chairman of the Militia of Mercy and governor of New York state for the Woman's Naval Service during the war. In peace times she is identified with all civic and welfare movements. Mrs. Hammond is a vice president of the foundation, one aim of which is the teaching of subjects conducive to better citizenship among the country's women.

Mrs. James Carroll Frazer, who is a member of the executive committee of the Woman's National Foundation, was chairman of the Navy League Comforts committee during the war and now heads that committee which aims to memorialize the fighters of Belleau Wood.

to purchase them and have them hung, and present the bill to the association.

The Fathers' night was discussed and will be more fully planned at the next meeting. It will be given the evening of November 21, and promises to be most enjoyable.

Mrs. Campbell presented the bond issue in a stirring call for each to do her duty October 11, following which volunteer workers were called for to work with the other schools in putting it over.

The first district conference to be held in Los Angeles in Garfield hall, Walker's theatre, 730 South Grand avenue, October 6, was announced. Mrs. John Robert White, federation president, was present and greeted the members.

Graduation Requirements

Miss Clara Midcalf spoke for Miss Noble, who was forced to leave before the close of the meeting, telling of the requirements for graduation and explaining the new ruling by the school which does not permit the teachers to receive gifts from their classes.

Many of the mothers voiced their approval of this rule, as the children are still permitted to show their love and loyalty by giving what they wish to the school. Owing to the large number of classes, each class will be permitted to have one class party or picnic, as it has become impossible for each to have two as heretofore. The mothers also approved this change.

After adjournment all enjoyed a social hour in the domestic science room, where tea and cake were served by the courtesy chairman and her assistants.

Picture Founded on Noted Novel Being Shown at Glendale

A most masterful photoplay has been founded on "A Certain Rich Man," William Allen White's world-famous novel. It was seen as a Benjamin B. Hampton pre-release at the Glendale Theatre yesterday, concluding its run today.

The story is played in a setting familiar to every American. It begins and ends in a small town, the original of which is said to be Emporia, Kan., which is the home of the author. The first episode of the novel appears in the photoplay in 1901, another period is laid ten years later, and the last period is in 1921. Three sets of characters and plot elements and three periods in the lives of the characters first introduced are shown.

"A Certain Rich Man" is so vital and human, it rings so true and hits so close to the lives of ninety-nine out of every hundred individuals of us that it is truly universal in appeal. The spectator can fit himself into some niche in the plot and play his part. Robert McKim, well known to Glendale audiences, plays the title role.

"Call a Cop" is the title of the latest Sennet comedy which is so so. Pathe News views and Screen Snaps always are interesting.

Swimming Party to Be Held Soon for Members of Hi-Y

At a meeting of a number of the leaders and members of the various Glendale Hi-Y societies held on Tuesday night the most important business, to the boys, at least, was the planning of an afternoon picnic and swimming party to be staged at one of the beaches soon. Although no definite date was set for the outing it will undoubtedly take place within the next two weeks.

The picnic will serve as a "get together" time for this year's new and old members of the association, and all of the five separate groups will take part in the festivities.

The boys will be accompanied on their trip to the beach by Rex Kelly, who is secretary for the Glendale district of the Young Men's Christian association, and the following group of leaders: Ed Murphy, Harry Marple, Howard Butterfield and Preston L. Hatch.

Maybe North Hasn't Learned Glendale Is Leading in Growth

"I guess the people in northern California didn't think we have been growing any down here during the summer," commented Miss Bertha Jackson, grammar school librarian, yesterday.

She has been obliged to send an order to the state superintendent of schools for about 400 additional text books for this term's class work.

In June she sent in an order for twenty-five per cent more books than were used last term in order to take care of an expected increase in enrollment. This number was promptly cut down to the exact number used last semester.

Yet the school authorities of the north must know that Glendale is the fastest growing city in the United States; they must know it if they can read, and it is presumed they can.

There is a great demand for reference books, too, at the public library and its branch in southern Glendale and every effort is being made to furnish the necessary volumes.

Dry Kiln Is Being Installed at Plant of Lumber Company

Installation of a dry kiln now is under way at the Bentley-Schoeneman Lumber company plant on Los Feliz Road at the Southern Pacific. This new equipment will be used to dry clear lumber, thus enabling the local concern to insure the public better service in finish lumber, something that is quite an innovation.

The kiln's capacity is about 150,000 feet a month and from the present demand for clear lumber it is probable that additional kiln room will have to be added almost before the first is put in use, according to George Bentley of the Lumber Company. The cost of the improvement is about \$4,000 which means that much is devoted to service.

Remodeling of the office at the big Bentley-Schoeneman plant also has just been completed. This makes room for two additional book-keepers.

J. W. M. Burton Has Completed Deal at Total of \$51,500

J. W. M. Burton of the firm of Burton & Chandler, 127 West Broadway, reports that John W. Lawson has purchased property from the Baldwin sisters totaling \$51,500, including business lots on East Broadway, one business lot on Brand boulevard, one apartment and a residence lot on East Harvard street.

Mr. Lawson also has purchased a \$10,000 business lot in Alhambra from Mr. Burton. The latter reports that he has sold five lots this week on North Brand boulevard in the Casa Verdugo district where great building activity is evidenced.

SCHOOL CONDITIONS IN SO. GLENDALE ARE DISCUSSED

Another Bond Issue May Be Submitted for Relief of Congested Districts

(Continued From Page 1)
D. J. Hibben. A communication was read from Richardson D. White, superintendent of schools, stating that he was unable to be present and explaining the events which led up to the calling of the bond election.

Mr. Hibben, chairman of the school board, welcomed the invitation of the club to be present at last night's meeting and to find out what the perplexity was in regard to the school situation and also to find out what was desired. He asked for a discussion of the school conditions in order that the members of the board present might know what was desired.

Fire Danger Is Heard

Mrs. E. J. Morgan questioned as to which would be the logical way for a fire to burn if started in the Cerritos avenue school building, and was told that it would burn from the center of the building. She stated that the furnace was directly under the front stairs and in case of fire the children would be cut off from the main exit. She also called attention to the alleged danger of the present fire escapes from the building. In regard to the chute which is used as a fire escape from the second floor, it was stated that if the children were properly instructed in the use of same there was practically no danger of injury.

In regard to the furnace, Mr. Hibben stated that to have the well-hole over the furnace floored over and perhaps replace the fire escapes on the back was all that he saw that could be done to the building at the present time.

Mrs. Morgan called the attention of the members of the school board to the present water mains to the school property and the insufficiency of same in case of fire.

Officials Inspect School

Mrs. Bacon, secretary of the club, stated that Mayor Robinson, City Manager Reeves and two members of the city council had inspected the school building yesterday morning and had promised to put in a ten-inch water main on Brand boulevard from Cypress street to Cerritos avenue school property, but that it would be about four months before that could be installed, and that the 200 feet necessary from the fire plug to the school they would put in as soon as pipe could be secured.

She also stated that these gentlemen said that the pipe running across from the alley in front of the school to the school will be in in about thirty-five days.

In going over the school building Mrs. Bacon stated that the members of the City Council discovered that the electric wiring in the school building was all uncovered and that they thought that more dangerous than the furnace.

Relief of Congestion

The matter of the present congestion at Cerritos avenue school would be relieved, it was stated, by the building of the proposed new intermediate school on Glendale avenue between Park and Acacia and also by building new units at the Acacia street school. The former would take care of the upper grades at Cerritos avenue school, making available those rooms for the lower classes, and also the fifth and sixth grade children now going to Cerritos from the Acacia avenue district would go to the Acacia street school if proposed bond issue carries.

In regard to the present unoccupied room at the Magnolia street school, Mr. Hibben explained that it was found that if this room were used that it would not be in any way relieve the rooms that are congested at the other schools, but would take children from the grades which are not overcrowded.

More Drinking Fountains

E. E. Harwood, who at one time was in charge of the Cerritos avenue school, stated that more drinking fountains was one of the needs at the school. He stated that the children had been timed during fire drills and that they had

Come to Glendale to Secure Plans for Construction

H. C. Henderson, a prominent orange grower of Carpinteria, and M. H. O'Brien of Altadena, have found it necessary to invade Glendale in order to secure the proper architectural designs they desired.

H. D. Charlton, architectural designer for the Bentley & Schoeneman Lumber company, 460 West Los Feliz road, is now busily engaged in preparing the designs for these two men.

Mr. Charlton, whose talent in architectural designing wheeled him into a herculean task while abroad in the army, that of making special maps for army headquarters, is also burning a little midnight oil at present on other building plans, one being a house for contractor Elmer Elliott, 615 East Elk avenue, and a set of plans for a five-room house for the Yale Brothers Realty company, 249 North Brand boulevard.

been able to clear the building in about sixty seconds. Objection was made to this statement in that in case of fire some of the present fire escapes would be blocked.

F. Archer suggested using the present Cerritos avenue grounds for the new intermediate school site, but the discussion which followed showed clearly that the needs of the southern section of the city, at the present rate of development, were for a larger school for the lower grades and also that the building of an intermediate school on the Cerritos site would not relieve the congestion.

New Unit Is Proposed

Dr. Mabry stated that he did not believe it possible to make the present Cerritos avenue school building safe, and that at the time it was constructed there were no building or electrical wiring laws to be complied with, although there were some things that could be done to better certain conditions. He expressed himself of being in favor of working for the replacement of this building with a new unit.

Mrs. A. A. Barton explained how the new intermediate school would greatly alleviate matters in the southern section.

Calls School "Disgrace"

Charles B. Guthrie, who was present as a member of a committee from the Chamber of Commerce, but who stated he was speaking not as a committee member but as a citizen of Glendale, stated that the Cerritos avenue school, which confronted people coming into the southern section of the city, was a disgrace to a village of 1,000, as was also true of the school at the entrance to the north of the city, and that Glendale was no longer a village but a city of between 20,000 and 22,000 people.

He stated that the conclusions drawn by him from the discussion last night would be to carry the bond issue and then put over a new bond issue for new school unit at Cerritos.

It was upon this suggestion that the committee above referred to was appointed to investigate the feasibility of this matter, as it was found that the bonding capacity of the city would allow this additional issue.

The next meeting of the Southern Glendale Improvement club will be held Thursday, October 6.
